

ACHIEVE MORE WITH FEWER RESOURCES

Modern organizations are increasingly looking to trusted IT partners to help them fill skills gaps and drive innovation.

BizTech Fusion can modernize your workplace without breaking the bank and fill gaps in your current IT to help your experts focus on mission-critical tasks.

Our certified experts know how to fine-tune modern workplace apps like Microsoft Teams so you can knock out KPIs and maximize your technology investment.

BIZTECH FUSION MAKES MICROSOFT OFFICE 365 WORK BETTER FOR YOU, BY:

Migrating on-premises architecture to Azure.

Customizing SharePoint environments.

Optimizing collaboration and communication tools.

Activating phone solutions on Microsoft Teams.

Expanding the capabilities of IT teams.

Bringing hard-won experience to client engagements.

HOW CAN WE EARN YOUR TRUST?

8 REASONS TO CHOOSE BIZTECH FUSION

- Purveyors of trust: we don't just expect it, we earn it.
- Experience deploying hundreds of projects and managed services for 500+ clients.
- Able to meet your most complex, technical requirements and needs.
- Proven experts: we are a Microsoft Certified Partner with Gold Competencies in Communications, Windows & Devices, and Cloud Productivity, plus Silver Competencies in Messaging, Collaboration & Content.
- One of the Top 100 Minority Owned Enterprises in the National Capital Region.
- We deliver on time and on budget.
- We apply a proven methodology to all of our software and infrastructure deployments.
- Our IT specialists can act as an extension of your team, taking over day-to-day tasks, so you can focus on more important initiatives.

BizTech Fusion is proud to be a minority-owned business and one of only 12 Microsoft Partners selected for the Black Partner Growth Initiative.
